

Dist. Ayush Department Tumkur.

Department Information:

AYUSH has been growing in popularity in view of the fact that they offer cost-effective prophylactic and therapeutic measures with less side effects. The systems of Ayurveda and Yoga are time-tested methods to tackle life-style disorders, which have become major threat to health in the present era. It is necessary to revive, popularize and make these systems accessible to the people in general and patients. Karnataka has taken initiative to mainstream AYUSH in national health care under NRHM.
